| 2 | All the speakers were fabulous. | 9/10/2018 10:18 AM |
| 3 | Questions and comments from the audience were encouraged, but since the question was not repeated by the speaker with a microphone and no microphone was given to the person asking the question, most of the time the rest of us in the audience could not hear the question. | 9/10/2018 7:24 AM |
| 4 | I was very disappointed in Brigg's language choices. Amidst his presentation he used phrasing "Gays and Blacks [were at the AA meeting]" which I found very dated and offputting. He also continuously referred to people as "boys and girls" instead of Men and Women. Boy is a historically derogatory naming of minority men. | 9/9/2018 6:01 AM |

| 2 | Have slightly more water available. The half and half was much appreciated. | 9/10/2018 10:18 AM |
| 3 | Although I understand that at times materials are not available from speakers for inclusion in the notebooks. But since it is often difficult to read the slides, they need to be included and legible. Seems like we could think of a better way to let us "sign out" instead of standing in a long line. | 9/10/2018 7:24 AM |
| 4 | Please use the Bisbee room as often as possible. | 9/9/2018 10:05 AM |
| 5 | Dr. Theresa Miller discussed a longitudinal study about parents who use marijuana and their children's use of it. She told us the study name which was quite long and the name of the journal. I did not get it all written down and I don't think I wrote it down correctly. I tried to find it yesterday on the internet but was unsuccessful. Can the bar please email me if possible the name of the journal, the name of the study, and the name of the author? Thank you very much! Have a fabulous weekend Patricia | 9/8/2018 3:13 PM |
| 6 | Nothing comes to mind. | 9/8/2018 2:56 PM |
| 7 | I paid a premium to attend on line. I did not receive the materials. The sound quality of the program varied widely and on Saturday morning I had nine "buffering" interruptions between 9:00 and 12:00 even on my fastest connection. I did not have than problem with Peach. | 9/8/2018 2:55 PM |
